

# DESIGNED FOR YOUR LIFE

**LocknLock** 

# Trust Built on Reliable Tech Always Centered on You.

A touch of design in everyday life—  
where convenience and beauty are thoughtfully shaped.  
We act for a more sustainable tomorrow, every day.  
Thank you, and we promise.

**Safer,  
more beautiful,  
more sustainable.  
Designed for your Life!**

# Technology —

## **Winner of the World's Four Major Design Awards**

With human-centered design thinking,  
we create innovations for everyday life.

## **A Global Lifestyle Brand in 120+ Countries**

From China and Indonesia to Vietnam and beyond,  
we make everyday life healthier and more convenient in  
over 120 countries.

## **No.1 Brand Power, Built on Design and Technology**

Earned through consistent trust,  
we design convenience and beauty together—  
bringing reassurance to every moment.

More information

# Daekket

2025 IDEA Design Award Bronze  
2025 IDEA Design Award Finalist

DAEKKET is LocknLock's premium line celebrating new beginnings through meaningful gifting. **It elevates the experience from cooking to plating with functional, thoughtful usability.** Inspired by nature, its sculptural D-shaped identity unifies tableware and cookware. Black, Ivory, and Earth tones deliver refined natural modernity with a delicate premium feel.

# All Tritan

2025 Red Dot Design Award  
Winner

**All-Tritan is a fully transparent airtight container made entirely with Tritan—**cap, body, and clips. A premium, health-conscious material, it resists odor and color absorption for hygienic storage. Clear visibility and soft curves support easy identification, **stable stacking, and efficient organization.** Seamless clips and subtle grip details keep the silhouette sleek, with silicone point colors for a fresh accent.

# Easy Meal Simple Cook

Winner of the 2024 Red Dot Design Award  
Best of the Best

Easy Meal Simple Cook is a glass airtight container designed for busy modern lifestyles—**keeping meals fresh and ready to reheat anytime**. To minimize plastic exposure during heating, it pairs a heat-resistant glass body with a silicone lid and tray for safe, easy cooking. **A transparent lid and integrated steam vent support flavorful reheating and moisture control**, while the tray helps drain excess oil and moisture.

# Bisfree Modular Plus

2024 iF Design Award  
Winner

**Bisfree Modular Plus is a modular storage series designed** to optimize refrigerator organization and maximize space efficiency. Building on LocknLock's trusted airtightness, it responds to rising demand for designs that harmonize with modern home interiors. **Its minimal form with elegant curves, a 6mm hidden cap for stable stacking,** and wing details enhance both grip and tabletop appeal.
