# LocknLock Classic

LID/BODY Polypropylene  
PACKING Rubber(silicone)

The four-side locking lid, standard of absolute airtightness

Hollow silicone packing and four-side locking on the lid delivers outstanding airtightness.

### The safe and durable plastics

Strong durability allows the lid to open more than three million times. The unique patented airhole makes these containers air and liquid tight PP material makes our container a safe choice in both microwave and dishwasher.

### Various shapes and sizes for all purposes

The Classic container series comes in various shapes from round, square, rectangular to deep and stacked ones to store food and other living goods for various volume.

### Europe standard quality

The Classic earned top-quality grade(Sehr gut) across 12 categories including  $\Delta$ food ingredient safety  $\Delta$ airtightness  $\Delta$ durability  $\Delta$ lid opening and closing  $\Delta$ applicability in microwave  $\Delta$  ease of washing in Öko-Test known as Europe's Consumer Report

## Classic

The Original, absolute airtight container, versatile and easy to use

## Two-Way

The lid acts also as a divider, allowing you to store more than one type of food inside. Its compact size makes it convenient to carry around and to hold with one hand. The upper container can be used to put various types of toppings, such as cereal or fruit.

# Twist

Screw typed food container with volume sign engraved on the body.

## Wave

Unique design with a calming feel. The 'wavy pattern' on the floor of the container reduces surface contact, keeping food fresh longer. After freezing, the 'wavy pattern' of the floor prevents food from sticking to the bottom. With nesting and modular capabilities, they can be stacked and neatly stored.

**LLG161S3** 170ml x 3ea  
Square  
SIZE 98×98×163 mm  
CTN 8 PCS / 0.016 CBM

# Breathing Container

The breathing container creates better taste for fermented food. The air valve on the lid vents out the gas from fermented foods outside the container and prevents external air from flowing in.

# LocknLock

## Stainless Modular

LID Aluminum  
 BODY Bakelite  
 CLIP Ceramic Coating  
 Heat-Resistant Glass

### Premium Stainless Steel (18/8 Stainless Steel)

18/8 Stainless Steel is the industrial standard for stainless steel, as seen in water pipes and medical equipment. It is highly resistant to corrosion. Odor-free and stain-free with strong durability and heat resistance.

### Nestable Design

Designed with nestable shape which saves space in cupboard or pantry when it is stored

### Freezer, Refrigerator, Dishwasher Safe

Dishwasher-safe lid and body are made of perfectly safe materials and are capable of being stored in cold temperatures.

### Clear Lid with Clip Hinges

Check inside contents through the clear lid. Durable clip hinges provide secure locking.

# Stainless Modular

18/8 Stainless Steel and ECOZEN are dishwasher-safe materials. Odor-free and stain-free. Modular and nestable designs allow you to save space in your cupboard and pantry.
